Rice, Soybean, Corn Crops Increased

LITTLE ROCK (AP)—The 1959 Arkansas rice, soybean and corn crops will show an increase over last year, the U.S. Department of Agriculture said yesterday in its final report of the year.

The peach crop was reported down slightly, but peach production was up. This year's rice crop was estimated at 12,639,000 hundredweight against 9,912,000 hundredweight for last year.

Soybean totals were 56,791,000 bushels this year, compared to 49,637,000 last year. Corn production figures were 14,945,000 bushels this year and 14,688,000 last year.

The peach totals were 1,025,000 bushels this year and 1,160,000 last year. Four million pounds of Arkansas peaches were estimated for this year against 2,350,000 last year.

Poison Probe Underway, Radio Insists

MUNICH, Germany (AP)—Officials of Radio Free Europe continued to insist today that U. S. and West German authorities are investigating an alleged Red attempt to poison the anti-Communist station's employees in Munich.

"This was in direct conflict with statements by the U. S. Army's southern command at Munich, the Bavarian Ministry of Interior, the Justice Ministry, Political and Criminal Police, and State Security."

All denied that a poison attempt had been reported to them or that an investigation was under way.

Erik Hazenhoff of Mount Kisco, N. Y., European director of RFE, said he had notified authorities after being tipped off that poison had been put in salt shakers at the station's cafeteria Nov. 21. He said U. S. Army medical specialists examined the shakers and found lethal doses of a derivative of the deadly nightshade plant.

Hazenhoff charged that the alleged poisoning plot was planned by a Communist diplomat stationed in West Europe but de- clined to identify him. He said none of the 1,200 employees of the American-financed private station were poisoned but that he closed the cafeteria as a precautionary step. The cafeteria reopened today.

New Farm Vehicle Takes to the Air

CHICAGO (AP)—An air-driven vehicle which hovers just inches above ground offers great promise as a farm vehicle, an engineer said today.

Dr. William R. Bertelsen of Naperville, Ill., a physician as well as the engineer-inventor of the craft, said it could carry enormous weights of fertilizer, grain, cattle or men "over growing crops as harmlessly as the wind."

He told the American Society of Agricultural Engineers: "This might allow the farmer to dust, spray or tend his crops while hovering safely above them."

The "aeromobile" can travel over level snow, ice, open water and plowed ground as well as solid surfaces, he said.

"A rice grower could travel over his flooded fields to repair dikes," he added.

Dr. Bertelsen said the aeromobile has been built with fixed wing aircraft and hovering ability.

The aeromobile is supported by columns of air driven downward by motor fans. Its maximum forward speed is 48 miles an hour over any surface without steep grades or projections, he said.

Chessman to Be Sentenced Monday

LOS ANGELES (AP)—Carol Chessman, sex bandit who has eluded the gas chamber more than 13 years, will be sentenced to death for the eighth time next Monday.

The Supreme Court a few days ago turned down Chessman's latest legal maneuver.

Chessman was convicted by a jury of 1943 of 17 felonies, including to punishable by death.

Last Rebel Getting Weaker and Weaker

HOUSTON, Tex. (AP)—Walter Williams, last surviving vet- eran of the Civil War, was "much weaker" Wednesday night and "appeared as though the old soldier's last hours were at hand," a daughter, Wilhelmina, said.

The last of a breed of strength during the war and is much weaker tonight. His condition is not expected to last for weeks.

Bids Received on River Locks, Dams

DALLAS, Tex. (AP)—The General Services Administration said yesterday bids totaling more than \$11,000 were received for the federal government's interest in two locks and dams on the White River in Arkansas.

A high bid of \$7,905 was offered by a group of four bidders for the interest in lock and dam No. 3, including 94.30 acres.

The bidders were Dene R. and Virginia Lorenz Luster and Ira M. and Dorothy J. Speed, all of Richmond, Calif.

Storm Loses Punch in Two State Area

Late autumn rain and snow which stranded hundreds of travelers in New Mexico and flooded streams in Texas lost punch as it moved eastward today.

The storm piled up 32 to 38 inches of snow in the area of Vaughn, N. M., and lesser amounts over 10,000 square miles of eastern New Mexico.

At Vaughn, a town of 1,400, at least 200 travelers were stranded Wednesday.

Travelers spent most of the night in the town and in City Hall on blankets and blankets supplied by the town.

Highway closures worked the night through to clear three main snow-covered routes, which converge on Vaughn: U. S. highways 34, 60 and 25.

In each of these, where rain fell for about 48 straight hours the weather bureau said, the Trinity-Santa Rita National Forest was "closed" to traffic. Snowdrifts were 6 to 10 feet deep.

The road closed by the weather bureau reported that the snow was impassable.

The heavy snowfall was reported by the weather bureau as "a major snowstorm" which had hit the Texas-New Mexico border area.

The storm was reported to have hit the Texas-New Mexico border area.

Dollarway Case Is Taken Under Advisement

LITTLE ROCK (AP)—U. S. District Judge J. Smith Hensley has taken under study the latest court action in the Dollarway integration case. He ordered attorneys for the Dollarway School Board for the three Negro students trying to integrate the school to submit extensive briefs to the case.

Hensley probably will not announce a decision until late January. The Negroes petitioned for an integration order against the school board after their attempts at integration under the Arkansas pupil placement laws failed.

Witnesses who testified in yesterday's hearing included a University of Arkansas psychiatrist. He said the students would risk emotional trauma if they were enrolled in the all-white school.

Dollarway is near Pine Bluff.

The psychiatrist, Dr. John E. Peters, was a key defense witness. Peters said he had examined the three students — Ernestine Dove, 17, James K. Warfield, 14, and Corliss Smith, 14 — and recommended that they not be re-integrated from an all-Negro school to all-white Dollarway.

Robert Moore, dean of students at Arkansas State College at Jonesboro, supported Peters' testimony. If the Negroes were assigned to Dollarway, Moore said, they would encounter "a great number of added stresses that are bound to harm their progress."

Dr. Peters and Moore, an educational psychologist, were engaged by the school board to help with the reintegration requests filed by the Negro students under the placement laws.

The two educators agreed on one other point: That the pressures of integration would be considerably reduced at the first grade level. They agreed that attitudes of the white children would not be as rigid at that age.

Peters is a professor of psychiatry at the University of Arkansas' School of Medicine in Little Rock. He said the fact that these were Negro students attempting to enter an all-white school in a racially tense area contributed to his opinion.

He said there was only slight chance of trauma or emotional disturbance, if a white child should transfer to another white school.

The plaintiffs contend that the Dollarway board made unconstitutional use of the placement laws in denying the students' request for transfer to Dollarway. Board lawyers denied this allegation.

The laws, which have been held constitutional on their face, provide for the use of several criteria — excluding race — for assigning children to schools. Psychological effect on the child is one of them.

Bleachers Crash, Hope Girl Injured

ARKADELPHIA, Ark. (AP)—A girl student suffered a back injury when a section of bleachers collapsed last night during an Arkansas State Teachers-Henderson basketball game.

Sandra Burke, daughter of Mr. and Mrs. Irvin Burke of near Hope, was hospitalized. Attend- ants said she had a sprained back. Miss Burke's condition was not considered serious. She attends Henderson.

Several other persons suffered minor injuries but did not require hospital treatment.

More than 1,200 fans jammed Henderson gymnasium for the game. The stands gave way when 12 seconds were left in the contest.

Dec. 29, Set for Trial of Beavers

LITTLE ROCK (AP)—The bombing trial of Samuel Grayson Beavers, 49, the last of five men charged in three cases, Day after tomorrow has been postponed from Dec. 28 to Dec. 29, because of an illness of Beavers.

Dr. L. G. H. Hensley, county attorney, said Beavers had been in a private hospital since he was taken into custody. He said he was not well enough to stand trial.

Beavers is charged with dynamiting the highway bridge of Mrs. Vernon Knepp. Four other persons already have been sentenced to prison terms in the three cases.

Grand Juror William J. Kirby postponed the trial to the March 1960, docket.

Roger Touhy, Kingpin Beer Baron in Prohibition Era, Slain in Gangland Fashion

CHICAGO (AP)—Roger Touhy, gang chief out of prison only 23 days, was assassinated Wednesday night in an ambush that by underworld standards was slightly less than perfect.

Artisans skilled in the handling of shotguns, snuffed off or full size, accomplished instant death. They arrive and depart unseen and usually blow off their victims' heads. Touhy, 61, was shot below the belt and died from loss of blood. He survived long enough to mutter "Coppers...two men...coppers" — possibly indicating his slayers posed as policemen.

Police moved swiftly today to try to keep the crime out of the "murder by persons unknown" file.

The 61-year-old Touhy, paroled from Stateville Prison a few weeks ago after serving nearly 20 years for a kidnapping he said he did not commit, was mowed down by six shotgun blasts by two assailants.

He died on the operating table in St. Anne's Hospital after telling police he did not know the assassins. Police said they had no leads immediately.

Touhy, known as "The Terrible" during his gangland reign in the 1920s, was shot as he was about to enter the home of his sister, Ethel Alesia at 125 N. Lotus St. in the Austin district.

With him was Walter Miller, 62, a retired police sergeant and a principal defense witness at Touhy's trial for the kidnapping of John (Jack) the Barber) Factor a sometime confidence man. Miller was seriously wounded in the back and arms. His condition was reported critical at Loretta Hospital. Miller fired several shots at the slayers before he collapsed.

Factor, who lives in Beverly Hills, Calif., was in Chicago in connection with a libel suit against Touhy. Touhy had been killed, he told a reporter, "I am Continued on Page Four

Junior High Stages Yule Program

"Happy Christmas to All" by Jeanette Nolan was presented by the seventh grade literature class of Martin Pool Jr. on Dec. 15 at the morning assembly of Hope Junior High School.

The cast for the play, which told the story of Dr. and Mrs. Clement Moore, included Ann Randolph, Carter Hardage, Ann Watkins, Susie Gray, Pat Schooley and Byron Cunningham. Beavers sang "The Chipmunk Song" was sung by Mary Ann Barber, Karen Ann Cobb, and Gloria Martin, while Myrtle Cox, Brenda Holts and Julia Ellis sang "The Worried Man."

Shirley Smith was student director and Sandra Jackson was the costume director. The play was announced by John Scott Andrews, Vicki Connell and Sharon Paris were the stage managers, and the back-stage directors were Steve Mhoon and Carlton King.

Others in charge of important phases which led to the success of the play were: Curtin, Larry Johnston; lighting, Gregory Wren; scenery, David McMoran; technicians, Cary Lynn Allen and Clarence Barrington; card director, Kathy Thrash; prompter, Betty Ruth Schenck; candy distributor, Phyllis Martin.

Christmas Party at Saenger Saturday

The annual Christmas party for Southwest Arkansas children, that is sponsored by Hope Kiwanis Club, will be held at 10 a. m. on Monday at the Saenger Theater.

All children will be admitted for one can of food, which later will be turned over to the Lions Club of Hope and distributed to needy families at Christmas time.

Henry Seaman, Saenger manager and president-elect of the Kiwanis Club, announced that he had a good program for the annual event.

All Around Town

By The Star Staff

The Rev. Rufus F. Sorrells, Hope Methodist pastor, is the author of the meditation being used Thursday, Dec. 25, by an estimated 11 million persons around the world who are readers of The Upper Room, a devotional guide under the editorship of Dr. J. Manning Potts. It is published in 27 editions, including 20 languages. English, Braille and English Talking Book. Mr. Sorrells based his meditation on John 3:11. In part, he said: "What a glorious day it will be for this old war-weary world when we shall learn to look upon our fellow man in his hunger, suffering, frustration and rejection, and in answer to his outstretched arms and pleading eyes, say, 'My Brother!'"

Coal Industry Has More Problems

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The American coal industry has more problems today than just how it will get along with a new head of the United Mine Workers.

John L. Lewis will be stepping down as president after a long reign that saw many changes, many ups and downs in the industry.

Output is well down from the peak days. Other fuels have taken much of the domestic market, notably on the railroads and in the homes.

And a foreign market that has flourished for a couple of years during Western Europe's industrial boom has been hamstrung by quotas and tariffs aimed at keeping American coal out, although it often is cheaper than the other nations can produce coal for themselves.

American bituminous coal production reached a peak of 631 million tons in 1947. It's down to about 490 million tons.

The changes for the workers themselves are much more striking. In 1923 the United Mine Workers had 730,000 members, making around \$7.50 a day.

Now the union numbers 430,000.

with about half doing other work than mining. But their pay in 1950 went to \$24.25 a day.

Lewis is generally credited with the big change in the pay and work conditions of the union members. Also, he often has been credited with having much to do with the declining markets for coal and the drop in jobs.

As the price of coal rose, it's estimated that it cost once did to produce a ton of coal.

The National Coal Policy Conference, Inc., reports that 10 years ago the output of coal for man was 6.26 tons, and now has risen to 11.32 tons. This has offset rising wage costs so that the price of coal at the mine has stayed around \$3 a ton during the decade.

But the retail price has risen from \$3 a ton in the 10 years, and in 1957 averaged \$10.52.

The conference says this is due to increased transportation costs, and merchandising expenses.

During the decade bituminous coal lost an annual consumption of 125 million tons by railroads, and an estimated 27 million tons by home owners.

Its big customer is the electric power industry where coal accounts for 53 per cent of the energy, selling the utilities 153 million tons a year.

The steel industry takes 84 million tons a year on average, other industries 90 million tons among themselves, home owners and building operators 36 million tons. Exports to 30 nations still run around 37 million tons a year.

Cafe Owner Guilty of Manslaughter

NEWPORT, Ark. (AP)—Noel Hall, 41, cafe owner, has been convicted of involuntary manslaughter for the fatal shooting of Shirley Mitchell, 20, of Tuckerman, May 31, 1958.

The trial jury fixed punishment at a \$500 fine.

Mitchell was shot at a Tuckerman cafe after he had been involved in a disturbance at Hall's Alcazar restaurant.

Hall was tried for first degree murder, but the jury reduced the charge.

Gordon to Seek His 8th Term

LITTLE ROCK (AP)—Lt. Gov. Nathan Gordon of Morrilton said today he will seek an eighth term and expects opposition this time.

Gordon told newsmen the name of House Speaker Eugene C. Fleeman of Manila had cropped up in this connection.

"But I don't know anything about it," Gordon said of the report.

As lieutenant governor, Gordon is president of the Arkansas Senate. He won his seventh term in 1956 without opposition.

STILL FIGHTING—William Richard, left, president of the League of North American Indians, and Wallace (Mad Bear) Anderson, spokesman for the Six-Nation Indian Confederacy, talk together before the U.S. Supreme Court in Washington. They have carried to the highest court their fight against the use of part of Tuscarora Indian reservation in upper New York State for a reservoir. It's part of a 600-million-dollar hydro-electric project on the Niagara River.

mand—to defend Western Europe. De Gaulle insists on a loosely linked alliance, with each nation retaining control of its land, sea and air forces.

Eisenhower is expected to remind De Gaulle that U.S. forces were pledged to the continent under the principle of integrated NATO forces. Without this concept, the United States feels there is little if any reason for being in Europe.

The United States wants complete integration but will settle for a step-by-step approach which would unify air defenses first. The Americans hold that an air defense system organized on national command lines would be worthless in missile age warfare because it would react too slowly.

In the end, some informants said, the ministers may have to fall back on some vague statement concerning the need for cooperative defense arrangements, leaving it up to the members themselves to interpret what such a phrase means.

The United States has warned its allies that in this period of constantly more expensive military equipment they also will have to carry a larger portion of the load in conventional weapons if not in men.

Grudge Blamed in Fatal Shooting

SHREVEPORT, La. (AP)—Police blamed an overgrown grudge for the fatal shooting yesterday of Air Force T. Sgt. Lee Borden Jr., 28, and the suicide of a Comanche Indian sought in connection with it.

The Indian, T. Sgt. Harold Parker, 34, of Apache, Okla., was found dead of an overdose of barbiturates.

Parker and Borden had served in the Air Force together in Japan. Bossier City Police Chief George Nattin said.

Borden was shot yesterday when he stepped from his Bossier City home. His assailant had been sitting in a parked car waiting for him.

Borden, shot in the chest as he opened the door, ran to the house of a neighbor, W. J. Lafitte shouting, "He's going to kill me."

The gunman followed Borden into Lafitte's house, shot and slightly wounded Lafitte in the chest, then shot Borden again. About 10 hours later, Parker's body was found in his car, on a country lane.

Assessment Formula Is Costly

LITTLE ROCK (AP)—The Arkansas Education Assn. contends that a change in the formula used by the state Assessment Coordination Division to figure assessments is costing school districts tax money.

Eugene R. Warren of Little Rock, the AEA attorney, told the Arkansas Commerce Commission yesterday that the division for the first time this year allowed deductions of 2 1/2 per cent to utilities to allow for errors in judgment in calculating the assessments.

Warren said this was unnecessary because the utilities' accountants would be sure to spot any errors.

And, he added, the lowered assessments meant less tax revenue to school districts.

Warren was arguing for an increase in the 1959 assessment against the Kansas City Southern Railway.

Warren said the assessment should be \$5,324,270. Hugh Hardin of Fort Smith, attorney for KCS, said it should be lowered to about four million dollars. Officials of the division said it should remain where the agency figured it—\$4,780,945.

Commission Chairman Kay Matthews promised a ruling soon on the railroad's appeal of the division's assessments.

Arkansas Named College President

COCOA, Fla. (AP)—Dr. J. Bruce Wilson, a former resident of Blytheville, Ark., has been named president of the new Brevard Junior College here.

Before his selection by Brevard trustees, Wilson was dean of Gulf Coast Junior College at Panama City, Fla. He will take over at Brevard in January.

Leaders Seek to Buy Depot at Camden

CAMDEN, Ark. (AP)—South Arkansas business and political leaders agreed yesterday to ask the federal government to sell 54,000 acres at the Naval Ammunition Depot at Shumaker, Ark., for industrial development.

Seventy-eight persons from seven counties voted unanimously for the proposal. There was only one dissenting vote.

The group adopted a motion by Mayor John Marsh of Magnolia to ask the General Services Administration to sell the property to the highest bidder with the stipulation that it be kept intact and developed for industry.

The Navy closed the depot down some time ago. It announced recently that it had no further use for the plant, which once employed 4,000 persons.

Included in the property are 1,222 buildings with 4,350,732 square feet of space, barracks, housing area, a cafeteria and gas, electricity, water and telephone systems.

The group adopted another motion to join the South Arkansas Development Council in organizing a committee to work on the project. The council includes representatives from Magnolia, El Dorado and Camden.

Methodists Make New Appointments

LITTLE ROCK (AP)—Seven new ministerial appointments in the North Arkansas Conference were announced yesterday by Bishop Paul E. Martin, head of the Arkansas-Louisiana Methodist Episcopal area.

Rev. Maurice Lanier, pastor of the Bald Knob Methodist Church, will succeed Rev. Robert B. Hower.

Easy Marshmallow Crispy Treats

For an easy, tasty and delicious snack for all ages—at almost
any time—try Marshmallow Crispy Treats. Just melt one-fourth
cup of Parlay margarine in a 3-quart saucepan and add three
cups of Kraft miniature marshmallows, mixing until the soft, puffy
confections are melted. Remove from heat and stir in five cups of
crisp rice cereal. Press the mixture into a greased 13x9-inch pan,
allowing to cool, and cut into squares. Then put these crunchy appetite
hangers to the final test. Serve them with apples and milk to
favorite television western. And keep this recipe handy for the
aspiring young cooks of the family who are looking for simple and
good treats to make for friends!

Bill Miller, editor of the Pontana,
Calif., Herald News.

He explained his paper was run-
ning a football contest. The tie
breaker, he added, was the Rice
Dowl game at Stuttgart and who
won. Anyway—State Teachers or
Southeastern Oklahoma?

"Well," said the Stuttgart party,
"you can tell your readers there
was a football game in the Rice
Dowl this year." He explained the
game was cancelled when State
Teachers vetoed the Oklahoma
school and another opponent
couldn't be found.

The call wasn't a total loss,
though. The two editors swapped
information about their cities be-
fore hanging up.

Claus to 50 boys and girls at the

Powell to Lead Nixon's Campaign

CONCORD, N.H. (AP) — Gov.
Wesley Powell said today he will
lead Vice President Richard M.
Nixon's campaign for the Repub-
lican presidential nomination in
New Hampshire.

The governor of the state which
holds the first-in-the-nation presi-
dential primary next March 3 an-
nounced the decision at a special
news conference.

The state's two Republican sen-
ators, Styles Bridges and Morris
Cotton, and former Republican
national committeeman Frank J.
Sullivan had urged Powell to
take the leadership Tuesday.

His decision gives a big boost
to Nixon backers in the impend-
ing showdown between Nixon and
New York Gov. Nelson A. Rocke-
feller.

Castro Sees Invasion of Cuba in 1960

By RICHARD VALERIANI
HAVANA (AP)—With his mili-
tary courts again in full swing,
Prime Minister Fidel Castro ex-
pressed belief today that there
will be an invasion of Cuba in
1960.

"Next year we will have to de-
fend the revolution with weapons
in hand," Castro declared in a
televized, 4½-hour speech. "It
will come because there is a
great campaign outside and here,
I hope I am wrong, but they will
come. I am sure we will annihila-
te them."

He didn't say who they would
be.

The bearded prime minister
fired at labor and racial conflicts
in the United States to cheer
him from his immediate audience,
about 1,200 delegates of the Con-
gress of Sugar Workers.

He complained that the recent
U.S. steel strike slowed the agrar-
ian reform program of this island
nation—which depends chiefly on
the United States for its steel pro-
ducts—by halting tractor produc-
tion.

He chided the United States for
its industrial troubles and its ra-
cial problems.

Of the growing reluctance of
American tourists to come to
Cuba, Castro said: "Why do they
tell the tourists not to come to
Cuba? Perhaps they are afraid
the example of Cuba will become
the example of America."

Castro's military courts mean-
while picked up speed.

A tribunal in Havana sentenced
Maj. Hubert Matos, who resigned
as commander of Camaguey pro-
vince troops last Oct. 19 with a
blast against communism, to 20
years in prison for sedition. Cas-
tro had been a star witness
against his old comrade in arms.
Twenty-one officers who defected
with Matos drew terms of two to
seven years. Thirteen others were
acquitted.

Two Cubans were condemned in
Pinar del Rio to death before a
firing squad. Luis Lara, corporal
in the old Batista army, and Jose
Antonio Modesto Reyes were ac-
cused of leading an anti-Castro
band in west Cuba.

John V. Martino, 49, an aging
businessman from Miami Beach,
Fla., heard a prosecutor demand
a 20-year sentence at the windup
of his swift trial in La Habana
for alleged counter-revolu-
tionary activities. Martino, an
American citizen arrested an hour
after he arrived here last July 23,
denied all the charges.

President Osvaldo Dorticos re-
jected an appeal by William E.
Crowley, president of the Inter-
American Press Assn., for release
of Miami Herald reporter James
Buchanan. Dorticos told Crowley,
publisher of the Spokane (Wash.)
Spokane-Review, "Our govern-
ment has proof that Buchanan
went beyond the scope of journal-
ism in his relations with Frank
Austin Young."

Young is a 36-year-old soldier
of fortune from Miami who broke
jail for two days of freedom after
being sentenced in Pinar del Rio
to 30 years in prison as the leader
of an anti-government band. He
was recaptured in a Havana hotel.
Buchanan, 43, who had inter-
viewed him there, was charged
with involvement in the escape.

News Briefs

MOSCOW (AP)—Soviet Premier
Nikita Khrushchev sent President
Tito greetings on Yugoslavia's na-
tional holiday last month, but
Tito took almost three weeks to
reply.

Their exchange was published
in Moscow newspapers today.

ST. JOHNS, Nfld. (AP)—Seven
persons, four of them children,
died today in a fire.

Police said the victims were
Mr. and Mrs. Joseph White, their
four children 2 to 9 years old,
and Lorraine Woodridge, 13.

The fire was touched off by an
explosion just before dawn. It de-
stroyed the two-story building.

MILAN, Italy (AP)—Roberto
Moranzoni, 80, who conducted the
world premiere in New York of
Puccini's three short operas "Il
Trittico" in 1918, died Sunday at
his home near Milan.

Born in the south Italian city
of Bari, Moranzoni went to the
United States before World War I
and in 1917 succeeded Arturo Tos-
canini as leading conductor of the
Italian opera at New York's Metro-
politan.

He returned to Italy in 1947 and
lived in retirement since.

TOKYO (AP)—Two boatloads
of Koreans who chose life under
communism arrived in North Ko-
rea today after an uneventful voy-
age. South Korea failed to make
good on threats to stop them.
Pyongyang radio announced the
arrival in Chongjin of the 975 re-
patriates, who traveled in un-
armed Soviet ships from Nagata,
Japan. They are the first of about
5,000 destitute Koreans in Japan
who have accepted offers of jobs
and homes in North Korea.

Negro Man Killed Near Magnolia

MAGNOLIA, Ark. (AP)—A 29-
year-old Negro man was shot
instantly last night when an auto-
mobile struck him as he walked
along highway 79 on the outskirts
of Magnolia.

The victim was identified as
George Armstrong of Magnolia.
State Police said the car was
driven by Hampton Eades, also
of Magnolia. Eades told officers
it was raining at the time and he
did not see Armstrong.

Ike Gets View of the Little Quarrels

(Foreign News Commentary)

By PHIL NEWSOM
UPI Foreign Editor

President Eisenhower's 11-day tour is giving him a close up view of the little quarrels that stand in the way of the big peace.

They are the quarrels among neighboring nations, small in comparison to the global struggle between Democratic and Communist ideologies, but looming so large in the eyes of the participants they may be blind to all else.

In some cases communism has helped to keep the ferment going but mostly they are strictly local.

As the President travelled along the perimeter of the Iron Curtain from Turkey to India and then doubled back for his Western summit meeting in Paris, here are some of the encounters.

Turkey: Within the last year, Turkey has been at the brink of war with the United Arab Republic, has normally strained relations with Russia and, despite

settlement of the Cyprus question and the fact that both are NATO nations, is only friendly on the surface toward Greece. The two are ancient enemies and seem unlikely to change.

Pakistan-India: The two are bitterly at odds over Kashmir, along an uneasy cease-fire line. Earlier plans to let Kashmir decide for itself in a plebiscite have gone by the boards and no settlement is in sight. The two also have quarrelled over water rights.

Afghanistan: Relations with Pakistan are normal on the surface but irritated by Pakistan's claims to a portion of Pakistan's northwest territory and by Afghan support for an independent Pathan state which also would slice off some Pakistan territory.

Iran: Involved in a border dispute with neighboring Iraq and a dispute over use of inland waters which both use to get their oil to the Persian Gulf, Iran also is suspicious of both U.A.R. and Russian influence among Kurdish tribesmen who spread along the borders from Iraq, through Syria, Iran and into Turkey. Kurdish demands for an independent state have been supported by Russia.

Greece: Still suspicious of Turkey.

Tunisia: Maintains close ties with France but at odds with the French over Tunisian support for the Algerian rebels. French warplanes have bombed Tunisian soil

Warden to Decide on Suspending Guards

RAIFORD, Fla. (AP)—The director of Florida prison was expected to decide today whether to suspend 11 guards indicted on charges of violating prisoners' civil rights.

If G. Cochran Jr. said, however, he will not hand out any suspensions until officially notified of the indictments. Indictments against 15 men were returned by a federal grand jury

on charges that Tunisia provides a sanctuary for hit-run attacks on French troops in Algeria.

Morocco: Also at odds with France over the Algerian issue and with Spain over Spanish-held territory inside Moroccan boundaries. U.S. air bases in Morocco, which cost millions to build, will be abandoned at Morocco's request.

Spain: Last of the Fascist dictatorships and outside the Western family of nations for most of the years since World War II. Relations with the U.S. improved with France and West Germany, chilly in most other places.

France - England - Germany: Currently Eisenhower's biggest problem. France annoyed with the United States. Britain annoyed with France, and West Germany suspicious of Britain.

Fruitcakes Baked In Coffee Cans — They're Fun To Give, Fun To Open

IN England, when it's time to make Christmas fruitcakes, everyone in the household takes his turn at stirring the dough for good luck! With this done, the cakes are baked in slow ovens and then carefully tucked away for the holiday festivities.

Here in the United States, rich homemade fruitcakes are also held in high esteem and, every year, they become more and more popular as Christmas gifts for friends. Those which are the most fun to make and to receive are the small, plum cakes baked in gilt-sprayed coffee cans, then wrapped, and all in gay holiday paper. Here's a marvelous gift, a delicious morsel to serve with cups of rich, steaming coffee during the holidays. Indeed, it's in the true spirit of Christmas.

HOLIDAY FRUITCAKE

- 1 cup salad oil
- 1 1/2 cups firmly packed brown sugar
- 4 eggs
- 3 cups sifted, all-purpose flour, divided
- 1 teaspoon baking powder
- 2 teaspoons salt
- 2 teaspoons cinnamon
- 2 teaspoons allspice
- 1 teaspoon cloves
- 1 cup pineapple juice
- 2 cups mixed dried candied fruits
- 1 1/2 cups whole candied cherries
- 1 cup seedless raisins

1 cup chopped dates

Combine salad oil, sugar and eggs and beat vigorously with spoon or electric mixer for 2 minutes. Sift 2 cups of the flour with baking powder, salt and spices. Stir into the oil mixture alternately with the pineapple juice, remaining cup of flour with fruits and nuts. Pour batter over this mixture, blending well. Turn into 3 or 4 well-oiled 1 lb. coffee cans. Place on upper rack in oven. Set a pan of water on lower oven rack. Bake in very slow oven (275°), 2 1/2 to 3 hours. Let stand 15 minutes before removing from pans, then cool on racks. Coffee cans, after washing, may be sprayed on outside or wrapped in red, blue or gold aluminum foil. This quantity of batter will fill 3 or 4 one-pound coffee cans. For larger cakes, cans may be filled almost to top, as the cake does not rise much, or filled 3/4 full to make 4 smaller cakes.

Note: To remove cakes from cans more easily, hold carefully upside down and remove bottom of can with can opener. After washing and decorating can, set cake back on bottom rim, slip can back in place and wrap in transparent plastic film.

GOPs Hopeful Rockefeller Will Run

LITTLE ROCK (AP)—The state Republican chairman would like to see Republican Winthrop Rockefeller run for governor of Arkansas, even as an independent.

"Party labels are not important," Ben Henley of Harrison said here yesterday.

"Eventually I would like to see the conservatives of the country in one party and the liberal-liberals in another," he added.

"It's the definition of a party's principles that is important, not the name of the party."

Rockefeller has said he eventually may run for governor but has indicated it probably would be as an independent rather than as a Republican.

"The Democrats of the South," Henley said in an interview, "have had a two-party system within one party."

"My goal is the formation of a conservative party. And if Winthrop Rockefeller under the label of independent would help a second party in this state, I'm for it."

Henley said that "organization people" in the Republican Party nationally prefer Vice President Richard Nixon as the presidential candidate at the present.

"But it's no set thing," he added. "They also have an admiration for Nelson Rockefeller, who is an ardent party man and who has served in administrative positions as special assistant in the White House."

Nelson Rockefeller, the New York governor, is an older brother of Winthrop Rockefeller.

Henley was in Little Rock for a discussion of party rules with some other state Republican leaders.

Wholesale Food Prices Drop

NEW YORK (AP)—Wholesale food prices this week dropped to their lowest levels in more than 9 1/2 years. Dun & Bradstreet Inc. reported today.

The organization's food index declined from \$5.88 last week to \$5.79, lowest since \$5.73 in the week ended April 18, 1950—before the Korean War. A sudden, steep drop in butter prices plus lower livestock quotations brought the index its sharpest week-to-week drop since early this year.

The index, which represents the total cost at wholesale of one pound each of 31 foods in general use, was 9 per cent below the \$6.26 figure a year ago. This year's previous low was \$5.86 in the week ended Oct. 13.

Negro Held in Girls' Slaving

LITTLE ROCK (AP)—A 30-year-old Negro man is being held in the fatal stabbing of a Negro girl whose nearly nude body was found near the Arkansas River here Monday.

Police identified the man as David Lee Hardy.

Robbie Faye Akins, 20, of College Station, was found near an abandoned automobile. Her throat was slashed. She had on only a pair of stockings.

Detectives Joe Waggoner and R. J. Statterwhite quoted Hardy as saying the girl had cheated him out of \$20 with loaded dice. He

Speed Record Set by Air Force Jet

WASHINGTON (AP)—The Air Force said today one of its jet fighters has set a world speed record of 1,520 miles an hour.

It reported the flight was made by a F106 Delta Dart piloted by Maj. Joseph W. Rogers Tuesday at Edwards Air Force Base, Calif.

Rogers' speed topped by 110 miles the fastest previous Air Force flight—achieved May 16, 1958. It also bettered the claim of the Soviet Union that one of its new 66 Delta wing fighters flew 1,483 m.p.h. Oct. 31.

The speed record was established just a day after another Air Force plane—an F104C—reached a record altitude of 103,395.5 feet.

That plane, piloted by Capt. Joe B. Jordan, also took off from Edwards Air Force Base.

Crunchy Chips for Party Dips...

Expressly designed as Holiday Season "chips for dips" ... same wonderful potato chip flavor but with a special ridged cut that adds extra strength for the thickest dips. Crunchier for munching, too!
